CUSTOMER RELATIONS

Renault knows the value of communicating with its customers and we have established effective ways to keep in touch with you. If after speaking to your local Renault dealership you are not completely satisfied, please contact the Renault Ireland Customer Relations Department on 1890 771 771 (Mon-Fri 9.00am-5.30pm. Closed on Bank Holiday). You can also visit our website www.renault.ie or write to us at Renault Ireland Ltd, Head Office, Block 4, Level 6, Dundrum Town Centre, Dublin 16.

*Phone lines are open 8am - 5pm Mon to Fri. Calls may be recorded and/or monitored for quality assurance and compliance purposes.

HOW BATTERY HIRE MAKES SENSE
It’s simple and unique to Renault: you buy the vehicle and hire the battery. That makes your Z.E more affordable and gives Renault the chance to offer you high levels of reassurance and peace of mind whilst driving your new Z.E.

- No worries – complete 24/7 roadside assistance, even if you run out of charge.
- Battery performance is guaranteed to at least 75% of its original charge capacity. If not, we’ll repair or replace it.
- You only pay for what you need – you’ll be billed on how many miles you’ll drive and how long you’ll keep your Z.E.
- We personalise your battery hire monthly payment to your own individual requirements.
- You enjoy your Z.E. while we keep its heart healthy. It’s that easy.

WE’VE GOT NOTHING TO HIDE.
RENAULT TWIZY. TIMES ARE CHANGING...

Don’t wait for the future. Twizy’s here now. This fun car reinvents city living, starting now. Safe and comfortable... twin seats... totally electric... open-hearted... energetic... sensible and radical. Let’s just say it launches the electric revolution in a completely different direction. Time to get the new energy flowing.
YOU LIKE TO MOVE...

WITH AN OPEN MIND.

Twizy is a totally different way to approach the city. Think a strong sense of sharing and a stand-alone difference that brings people together. Because the outside is where things happen, its inside is made for close partnership. 100% fun to drive, this gives you sensations only Twizy drivers can really enjoy!
THE LAST WORD IN URBAN CHIC. AND A FIRST FOR YOU.

Twizy is like nothing you have ever known. Twizy uses lines you could have never imagined before seeing them! Its architecture is guided by function: to surround you in total freedom. Vertical-opening scissor doors are perfect for the city’s tight parking spaces.
THE ART OF DUCKING AND DIVING.

Forget the excuses that stop you going out, like where do I park? Twizy’s answer: everywhere! Stand up, spread your arms. That’s all the room you’ll need. What to wear? Whatever you want, because Twizy’s got you covered. Who am I going out with? Ah... choose carefully, because its two seats do create a certain intimacy. It’s so relaxed at swanning around that you can savour several different soirées in a single night. That’s Twizy magic.

LOVE THE CITY? GO EVERYWHERE!
3 TWIZYS = ONE PARKING SPACE

Twizy's the champion for easy parking, with its unbeatable compact size and turning circle. So, no need for endless trips round the block to find a space. Just think how lucky you are, now you can park anywhere in town. (Where permitted, naturally).
PROTECTIVE INSTINCTS

Twizy is all about emotion for two, but with four wheels and twin seats in tandem, equipped with everything you would expect to make your journey safe. Twizy has full seatbelts for both seats with front and side holding. Its innovative tubular structure and driver’s airbag mean best possible impact protection. So, invite whoever you want inside, with complete peace of mind.
THINK ELECTRIC.
And we all breathe better. Silence... and the sound of the city softens. Compact... and traffic flows better. With a few simple, daring ideas, and a decade of research into cleaner energy, Twizy brings sense to better city living. And more fun than you’d ever imagined.

LIVE FOR THE CITY...
Twizy Technic pushes the envelope down to the finest detail: carbon effects on the roof and glove box tops, metallic paint for electrifying appearance, and black diamond cut alloys ... the ultimate finish. The contrasting interior is just as daring with its black and white seats. So chic; goes hand in hand with fun.

Being a city person means living with your community. But apart from attention to the environment, concerns about well-being and safety are also up-front. Twizy is individualistic AND community-oriented, and answers your desire for innovation and wonderment.

Twizy. Welcome to ethical city.

*Metallic paint. Images show optional scissor doors.
Make your move and live it up with Twizy’s 40 litres of stowage. Twin glove boxes on the dashboard hold much more than gloves: like drinks cans, sunglasses, and the rest. Storage nets safely hold small items. And for the weekly shop, fix a 50-litre bag to the passenger seat with secure fasteners. This is real life, and 100% mobile.

STORAGE

2. Storage net (Accessory)
3. Storage net (Accessory)
4. 50-litre leisure bag (Accessory)

TECHNOLOGY
Charge the batteries? ... Couldn’t be simpler. Open the front flap, pull out the cable, and plug into any 230V socket (for more information see page 22). After only 3 hours 30 minutes charging, you’re good up to 100kms (ECE-15). Enough to cope with anything, especially since the automatic gearbox helps electric economy. As with the entire Z.E. range, on the dashboard you will see remaining battery life information, so you’ll always know where you stand. With Twizy, energy is everywhere and of course at the charging posts increasingly fitted in cities.
COMFORT

No room for jealousy aboard the Twizy: two people, one set of welcoming and adaptable comforts. Some like it fully open, others have a little cocoon in mind. This is why Twizy offers optional scissor doors and covers dividing driver and passenger. Also available is a highly practical accessory: the hands-free Bluetooth® kit lets you stay connected. Twizy, a truly outstanding re-definition of openness.

SAFETY

Twizy is gifted when it comes to looking after you. Its Renaultsport-developed tubular frame protects you from impacts, and four disc brakes mean true active safety. Combined with an amazing turning circle, Twizy is not only a fun vehicle to drive but a really responsive one too. For passive safety, four-point seatbelts and a driver’s airbag have never before been seen on a vehicle that’s so agile and easy to handle. So it’s true: you live city life much better when you feel safe inside.
HERE'S A FEW TECHNICAL SPECIFICATIONS TO HELP YOU UNDERSTAND THE FEATURES OF YOUR NEW RENAULT Z.E.

**TECHNICAL SPECIFICATIONS**

**HOW TO RECYCLE YOUR ELECTRIC VEHICLE’S BATTERY**

- The Lithium ion battery in your electric Renault is recyclable.
- Don’t try to disassemble the battery by yourself (risk of electric shock, injury or burns).
- Only an authorised Z.E. expert can do this.
- To replace the battery, under the terms of the contract with your battery operator, please contact your local Renault Z.E. dealer.

For further information, please contact the Renault Ireland Customer Relations Department on 1890 771 771 (Mon-Fri 9.00am-5.30pm. Closed on Bank Holiday).

You can also visit our website [www.renault.ie](http://www.renault.ie) or write to us at Renault Ireland Ltd, Head Office, Block 4, Level 6, Dundrum Town Centre, Dublin 16.

**ROADSIDE COVER**

Renault Assistance roadside cover is provided in association with the AA Cover and in conjunction with the battery hire. The battery hire agreement guarantees you a minimum charge capacity and full recovery services in the event of all types of breakdown.

*The Renault Twizy range has been measured and certified to 100kms by UTAC (Union Technique de l'Automobile du Motocycle et du Cycle) on the ECE-15 cycle. Exactly as with petrol and diesel cars, when driven under real conditions, this range will vary according to speed, driving style, the terrain of the road, the use of electric accessories. Most of these factors can be influenced directly by the driver so as to help maximise the range of the Renault Twizy. For example, the range will be around 50 miles using eco driving principles and 31 miles when driven under severe conditions.*
