

Pre-launch bookings for Renault's Kwid open

Carmaker Renault India on Thursday said it has started taking pre-launch bookings for its upcoming new model Kwid. The car, which the company claims to be the most fuel efficient petrol model in the country delivering a mileage of 25.17 kmpl, is expected to be launched in the next few weeks. The company has commenced pre-launch bookings for its much-awaited global hatchback, Kwid, it said in a statement. "Renault Kwid... will be first launched in India and thereby reflects the importance of India in Renault's global expansion plans," carmaker's India Country CEO and managing director Sumit Sawhney said.
