**New Delhi, August 13, 2019:** Renault, the number one European brand in India, announced the opening of bookings for its all new product, Renault TRIBER, ahead of its launch on August 28. Renault TRIBER showcases the prowess and collaboration between Renault teams in India and France and is a world-first vehicle specifically designed for the Indian market. Production of the new car has already begun in the manufacturing facility in Chennai, and cars are reaching Renault's large network of more than 350 dealerships across the country.

The bookings for the Renault TRIBER start from 17<sup>th</sup> August. The Renault TRIBER can be booked online at <https://triber.renault.co.in> or at a Renault authorized dealership by paying a token amount of INR 11,000.

"India is a key market for Groupe Renault. We have a clear objective and strategy to accelerate our expansion in India, by doubling the sales volume to 200,000 units annually over the next three years. Renault TRIBER will play an important role in our expansion plans and will set new benchmarks in terms of space and modularity. Renault TRIBER is targeted at a wide set of customers across segments, led by the B-segment. Renault TRIBER brings to the fore the expertise of our thorough customer understanding, ingenious engineering capability, deep design expertise and strong manufacturing competencies. Renault TRIBER offers Renault's contemporary design, modern features, unmatched space, roominess and versatility. With the opening of bookings today, we look forward to welcoming more customers to the Renault family," **said Venkatram Mamillapalle, Country CEO & Managing Director, Renault India Operations.**

Renault TRIBER is an attractively designed, sturdy, compact, roomy and modular, versatile vehicle which also achieves the feat of accommodating one to seven adults in comfort in less than

4 metres. Renault TRIBER is the result of a complete analysis of customers' expectations in India which offers unbeatable flexibility. Renault TRIBER is a real game-changer, its modern, spacious yet compact, ultra-modular, a fuel-efficient vehicle with attractive interiors which boasts many modern and practical features. Renault TRIBER has the largest boot capacity of its category, in five-seater configuration.

## RENAULT TRIBER: SUPER SPACIOUS, COMFORTABLE & ULTRA MODULAR

Renault TRIBER can comfortably accommodate one to seven people with ultra-modularity and unique luggage-space flexibility in under 4 meters.

Renault TRIBER offers best-in-class roominess and provides comfort to all passengers regardless of where they sit in the car. It provides the best-in-class front seat couple distance (710 mm), the best second-row leg room (up to 200 mm) and the best third-row leg-room (91 mm). All rows are equally comfortable, with 12V charging sockets and air-conditioning for all passengers. Even tall passengers can comfortably sit in the two independent third-row seats which provide best-in-class roof height (834 mm) and include armrests fitted in the body panels.

### Maximum versatility

Renault TRIBER offers sliding, reclinable, foldable and tumble second-row seats along with the large door opening angles (74° on rear doors) which provide the best level ingress and egress of its segment. The industry first EasyFix seats allows for easy handling and removal of third-row independent seats. Renault TRIBER offers a total of more than 100 different seat-configurations.

### Seating Modes:

- **Life Mode:** Inspired from customer usage in 5 seat configuration for majority of the time. Most comfortable 5 seat with slider + recliner + Twin AC with dedicated AC vents
- **Tribe Mode:** An inspiration to the name of the car, we use the full seating capacity of the car
- **Surf Mode:** Accommodate uniquely sized objects (eg: surf board) as part of customer's experiences.
- **Camp Mode:** Seating configured for 2 people with all the space for fun and adventure

### A best-in-class storage compartment

Renault TRIBER offers the best storage compartment (up to 31 liters) and best-in-class boot capacity (625 liters) in the five-seater configuration. Boot capacity remains 320 liters in six-seater configuration and 84 liters in the seven-seater configuration. Renault TRIBER also comes with functional roof rails with a load carrying capacity of 50 kg.

## RENAULT TRIBER: EXPRESSIVE AND ATTRACTIVE STYLE

Renault TRIBER is the outcome of joint efforts between Renault teams in India and France, The exterior design is unique, modern and attractive, combining dynamism and sturdiness in its less-than-four-meter length while offering best level roominess.

### A vibrant look

Renault TRIBER's vibrant look is reflected in its sleek and taut lines as well as in its inclined windscreen and rear window and slight roof drop. This is further accentuated by the body-fold which joins the door handles and extends onto the sculpted wing shoulders.

### Visible robustness

The new front-bumper expresses sturdiness and modernity and suggests a greater capacity to cope with the most difficult roads. Ground clearance of 182 mm reinforces the impression of robustness, as do other features such as the sculpted bonnet, front and rear SUV skid plates,

roof bars, and black plastic wheel arch protections and lower protective door panels, giving the vehicle an adventurous look and making it suitable for all types of roads.

### **A sophisticated front-end**

Renault TRIBER boasts a contemporary and sophisticated front-end that includes signature Renault design features such as LED daytime running lights circled in chrome and black headlamp masks. The Renault logo is highlighted on a Triple Edge Chrome front grille which extends to the projector headlamps. The headlamps ensure perfect visibility and gives Renault TRIBER an assertive look.

### **An assertive rear-end**

The two-part rear Eagle beak tail lamps extend onto the outside of the wings and taper to point to the center of the tailgate, making the vehicle seem wider. The SUV skid plates extending up the bumper emphasizes its robustness.

## **INSIDE RENAULT TRIBER: CONVIVIALITY, SHARING AND MODERNITY**

Renault TRIBER's modern interior design presents leading-edge technologies for everyday comfort and ease of use. The passenger compartment layout promotes conviviality and sharing to offer passengers a truly pleasurable on-board experience.

### **Elegant and high-quality Ambience along with attention to details**

Renault TRIBER's interior brings warmth and personality with two-tone colors, from deep black for the upper part of the dashboard to a beige and white tone for the lower part and door trims, a combination generally associated with elegance and high-quality ambience. Details such as the chrome trim on air vents, air-conditioning dials, the start/stop button, silver accents on the dashboard and the feel of the silver door handle and door armrests covered with pleasant-to-the-touch fabric, add to the overall visual appeal of the car.

### **Best-in-class storage**

To ensure passenger comfort, a refrigerated central storage area and cup holders are accessible to everyone between the first and second seats. In addition to the lower glove compartment, which is also refrigerated, there is an upper glove compartment with a capacity of more than 4 liters. Renault TRIBER features the best level of storage compartment of upto 31 liters, more than double of what is usually available on similar-size hatchbacks.

### **A connected multimedia system**

Renault TRIBER's 20.32 cm (8 inch) multimedia touch screen features the MediaNav Evolution connected multimedia system. With its smartphone replication feature, it is compatible with Android Auto and Apple CarPlay and their numerous driving and entertainment apps. The multimedia system also allows videos to be played through USB plug.

### **Digital instrument cluster**

With horizontal lines that make it look wider, the dashboard features a multimedia touch screen for greater comfort. The fully digital LED instrument cluster (a first in this segment) with an 8.9 cm LCD screen framed by three virtual gauges for the tachometer, fuel level, and engine temperature.

### **Hands-free smart access card**

With the convenient hands-free card, doors can be opened and closed and the engine started with a smart start stop button, without making any physical contact with the key. The sensors in the card mean that the doors can be locked and unlocked without having to take the card out of

a pocket or bag or pressing a button. The hands-free system includes an auto-lock function when drivers walk away from the vehicle. A real time-saver and great convenience!

### **Efficient air-conditioning at each row**

Renault TRIBER's rear- and front-seat passengers are equally pampered. It comes with smart packaged twin Air conditioning system ensuring cooling comfort across the rows. The second row customers get dedicated vents on Center pillars and the third row has specific air vents located on the ceiling. Everyone gets the option to adjust the air flow as they wish.

## **ENERGY ENGINE AND UNIQUE PLATFORM WHICH OFFERS PERFORMANCE, ECONOMY AND A SUPERIOR DRIVING EXPERIENCE**

Renault TRIBER's Energy engine is perfectly suited to the Indian market, which balances performance with fuel economy. The vehicle is designed on a unique and latest-generation modular platform created by the Alliance.

### **An engine that addresses the real needs of Indian users**

Renault TRIBER is fitted with a 1.0-liter 3-cylinder petrol energy engine generating 72Ps with 96Nm torque. It is paired with five-speed manual transmission. It is a global powertrain already used on Groupe Renault's B-Segment cars in Europe and South America like Clio and Sandero. Equipped with modern technology like a dual VVT system, the engine delivers optimum response at all revs. Torque is available from low revs which ensures optimum acceleration, ideal for driving conditions in India. The engine offers a right balance between performance and economy with good fuel efficiency and low maintenance cost.

### **A platform providing modularity, roominess, comfort and unique driving pleasure**

The modular platform of Renault TRIBER is new that will address Renault's ambition of entering the B-Segment in India. The platform offers advantages which give Renault TRIBER a crucial edge on its market:

- Maximum space inside the passenger compartment
- Optimized engine compartment
- Best-in-class roominess and unbeatable flexibility
- Comfort and superior driving experience

### **Easier maneuvering**

Renault TRIBER features rear parking sensors and reverse camera providing drivers with improved visibility and precision for safe rear maneuvering and parking.

### **Safety at the best level**

Renault TRIBER complies with all the safety requirements for the Indian market and even goes beyond to protect both passengers and pedestrians. Its platform provides it with robustness and a high level of passive safety. Active safety is ensured by 3-point belts in all rows, with those in rows 1 and side seats in row 2 equipped with a retractor. The driver's belt is also equipped with a pretensioner and load limiter. Renault TRIBER is fitted with 4 airbags: driver, passenger, and front sides.
