Range Car Price Guide

Prices valid from February 2019

New and definitely improved

Life never stands still. And nor do we. That's why we're making a few important improvements to make our range even better.

Firstly, Renault fully supports the introduction of the new emissions testing procedure, called 'Worldwide Harmonised Light Vehicle Test Procedure' (WLTP). WLTP represents a positive change to provide consumers with fuel economy and emissions data which is more representative of the results you may achieve in real life.

We're also streamlining our range, making sure all our models are even more stylish and packed with essential features. Simply choose from three trim levels: Play*, Iconic or GT Line** to find your perfect pick.

Our new Easylife range is now available across the entire Renault car range***, making your decision of which stylish model even easier to make. But if you've got your heart set on one of our existing models, don't worry: they're still available to buy too.

The end result is that a new Renault is even harder to resist. But don't take our word for it, try one today.

*WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however until April 2020 the CO₂ figures are based on the outgoing (NEDC) test cycle which will be used to calculate vehicle tax on first registration. Please visit renault.co.uk/configure for WLTP figures for any selected options. †Renault UK Limited does not offer tax advice and recommends that all Company Car Drivers consult their own accountant with regards to their particular tax position. ‡All prices shown are the Manufacturer's Recommended Retail Prices. "On the road" price includes delivery to the dealer premises, number plates, a one-litre bottle of oil, 12 months government road fund licence (depending on CO₂ emissions) and First Registration Fee at £55. Other goods or services supplied by agreement between the customer and the Dealer are not included.

*WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however until April 2020 the CO₂ figures are based on the outgoing (NEDC) test cycle which will be used to calculate vehicle tax on first registration. Please visit reault.co.uk/configure for WLTP figures for any selected options. [†]Renault UK Limited does not offer tax advice and recommends that all Company Car Drivers consult their own accountant with regards to their particular tax position. [^]All prices shown are the Manufacturer's Recommended Retail Prices. "On the road" price includes delivery to the dealer premises, number plates, a one-litre bottle of oil, 12 months government road fund licence (depending on CO₂ emissions) and First Registration Fee at £55. *WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however until April 2020 the CO₂ figures are based on the outgoing (NEDC) test cycle which will be used to calculate vehicle tax on first registration. Please visit renault.co.uk/configure for WLTP figures for any selected options. †Renault UK Limited does not offer tax advice and recommends that all Company Car Drivers consult their own accountant with regards to their particular tax position. ^All prices shown are the Manufacturer's Recommended Retail Prices. "On the road" price includes delivery to the dealer premises, number plates, a one-litre bottle of oil, 12 months government road fund licence (depending on CO₂ emissions) and First Registration Fee at £55. Other goods or services supplied by agreement between the customer and the Dealer are not included.

*WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however until April 2020 the CO₂ figures are based on the outgoing (NEDC) test cycle which will be used to calculate vehicle tax on first registration and Company Car Tax Benefit in Kind. For more information on CO₂ banding and Company Car Tax Benefit in Kind go to www.cartax.renault.co.uk. Please visit renault.co.uk/configure for WLTP figures for any selected options.
