

# Renault MASTER CONVERSIONS MINIBUS RANGE

Renault Conversions, Tailor Made Solutions for your Business

## Renault Master: Built for a tough life

The Renault Master raises the bar on cabin design, creating a practical, well equipped driving environment. With a steering wheel and a driver's seat that's adjustable for height, reach and rake, it's one workspace the driver will love spending time in. Outstanding ergonomics – allied with high levels of equipment (including an excellent audio package that now features DAB radio, USB facility and Bluetooth®\* connectivity as standard), maximum ease of access and operator-friendly features – come together to create the ideal travelling experience.

## Renault Accredited Conversions

The GM Coachwork Master Minibuses are part of Renault's Accredited Conversion range that has been developed to complement our 'Off the Shelf' Conversions. The range comprises of popular specialist vehicle types such as Refrigerated Vans, Minibuses, Grounds Maintenance Vehicles and Welfare Vehicles. The Accredited range offers a standard specification based on the expert collaboration between Renault and our accredited converter partners. The specifications have been developed to meet common requirements however, they can be adapted to suit specific customer requirements, providing a truly tailor made solution.

Our accredited range has been developed in partnership exclusively with converters who have received Renault approval after being assessed on their technical and quality standards by a dedicated team from Renault. A list of these can be found at "[www.conversions.renault.co.uk](http://www.conversions.renault.co.uk)"

All of our accredited conversions are available to order via our Dealer Network.

## Comfort, safety and flexibility

Our purpose-built Master Minibus range provides generous accommodation for up to seventeen people depending on which of the 3 specifications you choose. There are three seats in a row across the aisle for optimum seating capacity and comfort.

On the 17 seat version the four seats at the rear of the minibus are removable on quick release fixtures, freeing up additional luggage space easily and quickly without the need for special tools.

The fully trimmed interior and opening side windows have been designed for passenger comfort, while the wide-opening sliding side door and automatic side entrance step ensure easy passenger access. Additional ease of access is provided by LED lights to all entrances and exits. For added peace of mind all seats and mountings are tested to M2 standards.

Low height automatic step

Adjustable all-age seatbelts

# Features & Options

## TECHNOLOGY

- Radio with DAB, Bluetooth®, CD and USB
- 12v power socket (dashboard) and centre console
- 6 speed gearbox
- ESC (Electronic Stability Control) with Grip Xtend, Hill Start Assist and Trailer Swing Assist
- Trip computer - multi-functional with rev counter

## INTERIOR

- Closed glove box
- 2 cup holders on centre console
- Driver's seat - height and lumbar adjustable and armrest
- Steering wheel - height adjustment
- Electric front windows
- Passenger bench seat
- Overhead parcel shelf
- KALEIDO - Dark grey upholstery

## EXTERIOR

- Left side loading door
- 80-litre fuel tank
- 22 litre AdBlue® tank
- Door mirrors - electric adjustment, heated
- 16" steel wheels with small wheel stylers
- Glazed rear doors
- Spare wheel

## SAFETY & SECURITY

- ABS with EBD (Electronic Brake force Distribution)
- Electronic immobiliser
- Remote central locking (2 button key)
- Airbag - driver & passenger
- 3 point height adjustable seatbelts
- 4 disc brakes
- Alarm pre-wiring
- Deadlocking
- 62mph Speed Limiter

## QUICKSHIFT GEARBOX

Quickshift hydraulic transmission offers all the main features and flexibility of a regular automatic, plus the performance and control of a 'onetouch' manual gearbox. In manual mode the driver changes gear sequentially by pushing the lever forward (higher gear) or pulling it backwards (lower gear), with automatic-style 'kickdown' through two or more gears also possible in manual mode. Automatic clutch control means there is no need for a clutch pedal.

## WIPE CLEAN SEATS

Wipe clean seats with a durable soft touch vinyl finish provide the ideal surface to dispel items such as food and drink spillages. The seats come with built in all-age three point seat belts and headrests.

## SIGNWRITING

Signwriting your vehicle can support your brand message or advertise your organisation in a cost effective and highly visible manner.

Electric fully automatic stacking tail lift, standard equipment on Wheelchair Access Specification

## Leading the field for over 25 years

GM Coachwork are leading specialist vehicle designers, engineers and converters and an ISO9001 & ISO14001 2015 accredited business.

Intelligent and innovative design is at the heart of the business. With every new product comes thousands of hours of research and development followed by stringent testing to meet UK and European safety standards and legislation. This includes comprehensive crash testing and durability tests to ensure longevity.

GM Coachwork are one of the UK's leading minibus converters supplying schools, councils and transport groups with bespoke built minibuses. Our commitment and investment in technology and a highly skilled workforce ensure our name has become synonymous with engineering excellence.
